Objective

Engage our stakeholders in a simple, fun, month-long, viral social media promotion to broaden our reach to a larger segment of the City of Elgin and surrounding area by marketing one of our downtown's strengths:

Our Restaurants and Bars

Concept

- Month-long March Madness style bracket tournament
- Pit signature menu items or drink specials from 16 participating downtown restaurants against each other
- Public votes for favorites in each weekly match-up
- Winners advance to Elite Eight, Final Four and Championship Rounds
- Voters subscribe to our DNN Top 10 weekly e-blast by providing a valid e-mail address with their votes.

Implementation

Setting up the Bracket

- Each participating venue identifies signature menu item or drink
- Tourney bracket created through random draw

Implementation

Pre-Promotion

- Created a purposely vague “Teaser Trailer” video to generate buzz
- Published to YouTube; cross-promoted on Facebook, Twitter, blog, website and DNN Top 10 weekly e-blast

Created Posters & Cards

- Each venue issued a custom poster with their name
- Each venue issued business card-sized promotional cards to give customers with checks to encourage additional voting and self-promotion
